

Shalom Friends,

I hope to see you at my upcoming CD release concert in Newton, MA.

**The band is extraordinary!**

**Eric Kilburn**, my engineer/producer from Wellspring Sound in Acton, provides rhythm and color on guitars and mandolin.

**Eden MacAdam-Somer**, from the band, "Notorious," plays a passionate, out of this world violin.

**Hankus Netsky**, of the Klezmer Conservatory Band, exudes musical imagination on piano and accordion.

**Billy Novick**, composer and exquisite musician, makes the soprano sax come to life.

**Peter Tillotson** is a creative, skillful bass player, who plays with many great bands and musicians.

**Deb Lempke**, of Arlington Wood and Strings, keeps the beat on a variety of drums.

AND **Hanna Tiferet** brings you new prayer/songs that will move you to dance, sing, laugh, and open to your heart of compassion.

**Don't miss this amazing opportunity. Seats are limited.**

**Ticket prices are lower when purchased by February 8.**
